

ONLINE MANAGEMENT

# Automatic offline issue resolution

Unplanned downtime on delivery platforms can hurt your bottom line more than you think. Online Management keeps your virtual doors open, protecting revenue and customer loyalty.

## Our Advantage

- Hands-off approach**  
We handle everything autonomously
- Fair pricing**  
No penalties for high-performing locations
- Accurate reporting**  
Real data on revenue savings and ROI
- Seamless integration**  
No action required from your restaurants

## How It Works

- 24/7 monitoring**
  - Automated offline detection
  - Real-time alerts to our team
- Rapid response**
  - 5-10 minute investigation
  - Direct marketplace coordination
- Swift resolution**
  - Address issues quickly
  - Get back online fast
- Detailed analytics**
  - Impact and trend reports
  - Actionable insights

## Benefits

- Protect revenue**  
Minimize losses of up to \$500 per store/month
- Maintain customer loyalty**  
Prevent issues that deter customers from reordering
- Reduce offline incidents**  
Proactively manage your online presence

## QSR Case Study
