

 REFUND & DISPUTE MANAGEMENT

Stress-free refund and dispute management

A smarter way to permanently reduce refunds by 50% or more.

Disputes on autopilot

Have our team manage your disputes to put more money in your pocket. By disputing refunds, we get to the bottom of why they're happening in the first place.

Focus on refund reduction

Have our team manage your disputes to put more money in your pocket. By disputing refunds, we get to the bottom of why they're happening in the first place.

Leading with transparency

Unlike typical dispute solutions, we work closely with third-party platforms to build a clear refund matrix and ensure we don't 'fly under the radar.

Empowering operators

Recognizing the lack of essential information at the store level, our reports offer weekly updates to operators, empowering them to make enhancements that reduce unnecessary refunds.

End-to-end tracking

From initial dispute to final settlement, our reports pair with third-party statements, ensuring you get clear insights for accurate reconciliation.

Shared success

Reports and learnings are shared with brands and third-party platforms for mutual growth.
